- Upload exam data to EPD & EHV

Questions or need help?

No large investment

If you want to keep the cash flow healthy, large investments are not always possible. Healthcare providers need equipment but do not always have to own it. Leasing or renting can then offer a solution. You pay a fixed amount per month in a agreed number of months.

1 No direct investment

Keeping cash flow healthy without large investments is not always possible. Lease or rent can then offer a solution. You pay a fixed amount per month in agreed terms.

2 Predictable cashflow

With lease or rent your costs are predictable. It provides clarity and flexibility what costs you have monthly.

3 Latest technology

One of the main reasons why healthcare institutions lease is being able to work with the latest technology without extra high investments.

4 Warranty

Guarantees on equipment are the same for lease and purchase. We give a 4 year warranty on our equipment.

5 Benefits & service

Additional benefits and services can be provided such as training from our experts, an annual accurate check or a scan warranty insurance.
